THE VETERANS' PARADE

Said to Be the Greatest Since the Return From Civil War.

ONE MARCHER DROPPED DEAD.

A Veteran From Michigan Responds to the Last Call While Passing in Review—The Annual Business Meeting Opened.

Chicago, Aug. 29.—For four hours and a half yesterday the thinning ranks of the Grand Army of the Republic passed in review before the leaders and before probably a million spectators, packed in almost solid masses along four miles of the line of parade. It marked the climax of the 34th annual encampment of the association of veterans who filled the pages of history with deeds of heroism during the weary years of the civil war, and was, according to Commander-in-Chief Shaw, the greatest parade since that day in Washington, when the hundreds of thousands of veterans, the most powerful army on earth, marched in review to their final disembarkment.

Probably 20,000 members of the army of veterans took part in the parade. For exactly four hours and twenty minutes, most of the time with ranks almost perfectly aligned, but occasionally faltering under the burden of their years, they filed past the reviewing stand on Michigan avenue, saluting as they marched by Gen. Nelson A. Miles, Commander-in-Chief Shaw, Gen. Daniel E. Sickles, Gen. Joseph Wheeler, Acting Governor Wardner, Mayor Harrison, Speaker Henderson, Senator Culleton and the Spanish minister, Duke D'Arcos.

Weather conditions were almost ideal for the parade, with a breeze at best for the silver haired veterans. The rays of the sun were veiled by light, fleecy clouds nearly all day, and even when unobscured their effect was greatly tempered by a cool breeze which blew steadily off Lake Michigan. The line of march, too, was much shorter than ever before, the parade being held over four miles, but notwithstanding this, here and there a veteran, dazed and exhausted, dropped out of the ranks. Especially was this true after the reviewing stand was passed, and many pathetic scenes were witnessed down the long stretch of Michigan avenue as the veterans fell by the wayside.

One especially sad incident occurred to mar in a degree the glory of the parade, Charles Beckwith, of Algonsea, Mich., dropping dead as the line was filing past the corner of Michigan avenue and Madison street. The parade was halted for a moment, the body of the veteran who had responded to his last call was tenderly removed and his comrades passed on.

The first cheers from the reviewing stand were given to the famous old war eagle of the Wisconsin troops, "Old Abe," the stuffed figure of which, borne aloft by a mounted buckskin dressed veteran, was heartily greeted by the crowds and saluted by Gen. Miles and the others in the boxes. The parade was escorted by the "Bah rahs" of the University of Michigan. It was somewhat cracked and feeble, but it showed the undimmed spirit that made the Iron Brigade famous, and it started the crowd to cheering again. A few moments later George G. Meade post, aloft by 24 silver haired veterans, were as many battle flags, flattered and torn by bullets, and close behind them ten equally ragged color flags. They were the first of the many battle flags carried in the parade that were seen by the thousands along the line of march, and everywhere the ragged banners were greeted with cheers.

One of the most striking features of the parade was the appearance of the Iowa veterans, thousands in number. Speaker Henderson received an ovation from them. He was recognized as the veterans from the Hawkeye state, stopping in front of his box, ceased playing and raised his voice in a song, "From Iowa," the chorus of which thundered out by a thousand or more veterans, was as follows: "Hurrah, hurrah, corn and hay; We're the boys from Iowa; First in war, first in peace; Shortly after passing the reviewing stand the line of march disbanded, and most of the veterans, tired with the hours of march, sought their hotels and lodging places.

The evening was given up entirely to affairs of a social character, the chief event being an informal reception to Commander-in-Chief Shaw, department commander, distinguished guests, at Memorial Hall. In 26 different places in the downtown district reunions of states were held. The annual business meeting of the Grand Army of the Republic was opened this morning in the Studebaker theater. The meeting was called to order by Commander-in-Chief Shaw, and an address of welcome was made by Mayor Harrison, Commander Shaw replying for the members of the army. J. J. Longnecker, of Chicago, then, speaking for the old soldiers of Illinois, extended a greeting from the state at large, and to this Gen. Louis Wagner replied. It is expected by the majority of the delegates appointed to attend the meeting that the business of the organization will be over by tonight, and that there will be no need of the meeting being adjourned until tomorrow.

Engineer's Heroism Saves Lives. Leadville, Colo., Aug. 29.—The Welton mine, located just east of the city limits, was totally destroyed by fire last night. The fire started in the engine room, but the engineer remained at his post until nearly all the men were hoisted from below. He was probably fatally burned. The rest made their way through other mines in the vicinity. A large quantity of giant powder was removed safely from the building by the miners. The Welton mine is one of the richest producers of silver in the camp, and has been in almost constant operation since 1895.

OFFICIAL MESSAGES

Interfered With by Chinamen While En Route.

OUR CLAIMS IN THE ORIENT.

Our Government Will Not Be Coerced by Threats of Foreign Combinations—Li Hung Chang Said to Be Held a Prisoner on Board Ship.

Washington, Aug. 29.—Several communications came to Washington from United States officials in China yesterday, but they were by no means satisfactory with the state of the communications, and the cabinet meeting gave the larger part of its attention to the problem of rectifying this state of affairs. Evidences of interference with the messages have accumulated to a point where the government has determined to take steps to establish channels of its own, even if it is necessary to employ the rather expensive device of a man-of-war plying between Shanghai and Chefoo for this purpose. Meanwhile work comes that rapid progress is making with the shore cable, which is to connect these points, and it is believed that within a week this means of communication will be open.

Three messages from Gen. Chaffee were received yesterday, and while they cast no direct light on the military situation, they were inferentially important. The general's statement that he needs no siege battery, taken in connection with the diversion of the First cavalry, which was bound for Taku to Manila, seems to make clear that there is no intention to enter into a prolonged campaign in China, such as would involve the use of heavy artillery or of reinforcements in the shape of men and horses.

At the same time it cannot be said that the government has shown any sign of a purpose to abandon any just claim it may have secured upon China through the brilliant operations of the little American force in the Flower Kingdom. But it seems to appear that the battle of today is one of diplomacy rather than of arms.

It is quite certain that our government is willing and anxious to do all it can to bring about a speedy settlement of the Chinese difficulty and a retirement of the forces. But it is determined that no proper advantage is to be lost through this wish, and the government will not be coerced by foreign combinations or threats of combinations against our interests.

The government has decided not to send any more troops to China. All the troops now at sea, amounting to about 4,000, together with those under orders in the far east, which have not sailed, amounting to about 3,000 more, will be sent to Manila. With the arrival at Taku of the Hancock and the troops she carried Gen. Chaffee will have 5,000 available men, which is deemed sufficient for all present purposes.

LI HUNG CHANG A PRISONER?

No Confirmation of the Report That He Is Held by the Admirals.

London, Aug. 29.—That the inexplicable delay in forwarding telegrams from the Chinese capital still continues is illustrated by the fact that the latest dispatch from Peking, the telegram of a special correspondent describing the search for "Boxers" in the Imperial park, is dated no later than Aug. 21.

There is no confirmation from any source of the report of an advance northward from Peking. On the contrary, a movement southward to clear the country and to insure free communication with Taku is apparently in progress. The powers, as late as in the request to the Chinese government to how to deal with Peking itself, the Japanese and Russian being at variance as to whether the Imperial palaces should be destroyed.

Nor is there any further news of the alleged detention of Li Hung Chang by the admirals. Probabilities increase that he has been gotten safely to the interior. The report regarding Li Hung Chang was given out at Paris yesterday, and was as follows:

"Admiral Courbelle, the French commander in Chinese waters, has cabled to the navy department here that a council of admirals has notified the foreign legations at Peking that it has been decided to hold Li Hung Chang on board ship until the opening of negotiations between the powers and China."

A Reuter dispatch, dated Peking, Aug. 15, and sent by post to Shanghai, describes scenes of appalling desolation and wanton destruction in Legation street. All the houses of foreigners were riddled with shells, burned or blown up. An attempt was made to mine the American legation. A shaft was sunk 15 feet deep and was then continued as a tunnel, with a sharp slope, in the direction of the legation. Apparently the Chinese did not have time to finish it.

He can clean up your affairs, friends and show them to you. Can make them rap all around the room. He asks no questions, don't ask you to write names for him. Don't try to pump you in any way but tell you right off. He is thoroughly informed by leading spiritualists everywhere received from them a gold medal and special diploma to practice his wonderful powers. He has cured hundreds of cases of white and black magic. Twenty-five years practice in Brooklyn will show you that he can do all that he can tell of. Can tell what business is best for you and where, how to win speedy marriage with the one you love. How to be successful in all your dealings in short what is best for you. He succeeds where all others fail. Positive satisfaction or no pay. Call and see. You will find it lucky to consult this Christian medium. He has a medicine that will cure drunkenness, can give patient not knowing it. Thousands through him are now.

RICH, HAPPY AND SUCCESSFUL. with all their undertakings, while those who neglect his advice are still laboring against poverty. Through his perfect knowledge of chemistry, he can impart to you a secret that will overcome your enemies and win your friends. His aid and advice has cost him nothing; the result has always been the securing of speedy and happy marriages and all your wishes in love and money have been fulfilled. He has the secret of winning the affections of the prosaic sex. It is the cure of spiritualism that in all large cities there are a class of men and women who claim powers that they do not possess. They are neither gifts, credentials nor references. Surely the colored people are not waiting to see as to throw their time and money away on such. Dr. Shea refers to the Hon. William D. Moore, architect and builder, of Cleveland, Ohio, and Arthur C. Sowell, a free trader of his power to all. The doctor has practiced five years in New Orleans, St. Louis, Memphis and Louisville, and has cured thoroughly the diseases, spells or influences the race is subject to. He is now and always had a large patronage from them.

PLEASE READ THE FOLLOWING: Brooklyn, Aug. 15, 1891.—This is to certify that I came to New York from Albany. I was a stranger in a strange city, out of work and out of money. I had no luck in anything I undertook. I had to do it all myself. A friend advised me to go and see Dr. Shea. He told me the cause of my trouble. He took me in and treated me as a brother. Through him I got a good position that very day. He told me to be good. I bless the day money and did me no good. I bless the day I first met Dr. Shea. I would advise all it had luck, sick or in trouble to go to him as once, Dr. Shea.

ALBERT AYERS, 2307 Atlantic Ave. South Plainfield, Aug. 15, 1891.—This is to certify that my husband had gone away and been absent two years. I mourned for him night and day. I gave him up as dead. I heard of the wonderful things Dr. Shea was doing. I resolved to consult him. He told me my husband was alive and well and where he was. He would come home and when I saw him I was so glad. He is home now, come back like one from the dead. I also wish to say that this month I lost the sum of \$300. I am a poor woman and I was most insane. I went to Dr. Shea and he told me I would find no more and to my intense joy I did find it as he told me. I thank God there is a man so gifted in our midst that can help people and tell their what to do.

Sincerely, Mrs. Mary Miller, South Plainfield, N. J.

A SENSATION IN BROOKLYN—A MINUTE'S STATEMENT.

I wish to state that one of my parishioners was sick and in trouble for a long time, Mrs. Brown, 37 Day Street. No one seemed to understand her case. She had several doctors, but none of them seemed to know what was the matter. None could do her any good. It was my duty as her pastor to call and see her. Hearing of the wonderful work being done by Dr. Shea the last few years, I thought I would call and see him myself. I found him a kind sympathetic gentleman. He gave me a wonderful test of his powers; told me to send him a lock of patient's hair, which I did by her daughter.

He told at once what was the matter and in a minute cured her sound and well. Her family had seemingly been under a spell. Now all is changed. All are well and prosperous. I can tell you nothing but good of Dr. Shea to all those in sickness or distress of any kind, Rev. William Johnson Pastor Lebanon Church, Brooklyn.

Dr. Shea can show thousands such as the above.
